CLEANING AND MAINTENANCE INSTRUCTIONS

We know how important it is for you to be able to clean your sofa fabric . Thanks to the **AquaClean technology** incorporated into this fabric, you can use just water to clean occasional stains like wine, coffee, food, etc., and also the more stubborn stains on parts of the sofa that cannot be uncovered for cleaning.

(To completely remove the toughest stains like permanent markers, add water and a dab of soap.)

It is advisable to use a vacuum regularly to remove dust.

**aqua
clean**
TECHNOLOGY

Clean with water, in three easy steps:

1. Remove any excess product that has spilled on the fabric.
2. Apply water to the stain, either directly or using a paper tissue or an absorbent cloth, without making the upholstery too damp. Wait for a few seconds.
3. Press the stain with the paper tissue or cloth, then gently rub the fabric with circular strokes. If the stain does not disappear completely, repeat the process as many times as necessary.

Éliminer les taches ménagères uniquement avec de l'eau.
Eliminate household stains with just water

Mise en œuvre : Une bonne température ambiante facilite la mise en œuvre.
ATTENTION : Ne jamais faire d'inscriptions avec des stylos feutre, crayons encre ou stylo à bille, un simple crayon fait l'affaire. Ne pas utiliser des colles contenant du solvant.
La structure délicate textile - soie rend ce produit plus sensible aux rayures.

Entretien : Utilisez une brosse et de l'eau savonné (non alcaline) chaude ou tiède, toujours rincer avec de l'eau claire.
Ne pas utiliser de cires, détachants ou solvants.

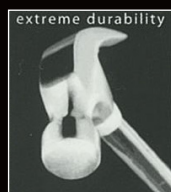

Applications : A good room temperature facilitates the application.
ATTENTION : Do not use a felttip, ball-point pen or ink to mark; a pencil will do the job.
Do not use solvent containing adhesives.
The delicate textile-silk structure makes this product more sensitive to scratching.

Cleaning : With a brush and tepid soapy water (non alkaline), rinse with clear water.
Never use polish, stain remover or solvent.
